

CALL FOR ABSTRACTS

Optimizing Transition from Pediatric to Adult Care

May 1 – 3, 2024

New Submission Deadline: March 31, 2024

The faculty of Harvard Medical School, the Brigham and Women’s Hospital Transition Care Team, and the Boston Children’s Hospital BRIDGES Adult Transition Program announce a call for abstracts highlighting clinical innovations and research into the transition of pediatric patients to adult care. Accepted abstracts will be presented at the Harvard Medical School CME course *Optimizing Transition from Pediatric to Adult Care*.

We are seeking abstracts in the following categories:

- Clinical Innovation
- Health Policy
- Medical Education
- Provider Education
- Quality Improvement
- Research

To submit, please email your abstract to: BWHDOMCME@mgb.org, with the subject line: **“Transition Course Abstract”**

Your submission should be a **Microsoft Word document** or a **PDF** using **the following format:**

- **Abstract Title:** Centered, bold, and written in title case.
- **Author Name(s):** List all authors under abstract title.
- **Background:** Brief presentation of significance of the study/project.
- **Methods:** Sample size and characteristics, research methods and design.
- **Results:** Study findings presented.
- **Conclusion(s):** Study research and clinical implications.
- **Word Limit:** 300
